Tomorrow-"THE GREAT DAY," a story that glows with the rose fint of dawn, actually filmed in England, France and the Alps.

A dull, depressing room is made warm and inviting the -moment its floor is covered with Neponset Floor Covering. Grease won't soak in and spread. Refreshing to the eye and highly sanitary.

Thick and tough. Wonderfully resilient to the step. Easy to keep clean. Enduring. Lies flat without tacking.

Artistic color designs specially suitable for kitchen, bed-room, bath-room, play-room, porch, sewing-room, halls and closets. Makes a neglected room look like new. Come in and examine our many new designs today.

Of Interest to Women,

Contrast the cheerful happy woman with head erect, the glow of health on her cheeks, the clastic step and hobbling enthusiasm as she goes about her daily tasks, with the wo man who suffers from backache, head itess and despondency. Such condiaches, dragging-down pains, nervous ness and despondency. Such conditions are undoubtedly caused by woman's al'ments which will yield to Lydia E. Pinkham's Vegetable Com pound, which for many, many year has been restoring weak, alling wo men to healt's and strength, givery woman who suffers in this way owe it to herself to at least give it a trial -Advertisement.
